

HEALTH ALERT: *Travelers from China*

There is an outbreak of respiratory illness in China.

Travelers are required to be monitored for up to 14 days after leaving China.

Some people may have their movement restricted or be asked to limit contact with others within this 14-day period.

A health official will contact you to give additional instructions.

Take your temperature with a thermometer twice a day and watch your health.

If you develop a fever (100.4°F/38°C or higher), cough, or have difficulty breathing:

- Call ahead to your doctor or health official for medical advice before seeking care.
- Tell them your symptoms and that you were in China.
- Give them this card.

Triage Staff/Clinicians:

- Use standard, contact, and airborne precautions, and eye protection.
- Notify infection control and your state/local health department immediately.
