

Teresa Pérez-Piqueras
'06 CSCI

Teresa Pérez-Piqueras started her degree at SLU-Madrid and graduated with a BS in Computer Science from Parks College of Engineering, Aviation and Technology in St. Louis. She went on to complete a Master's degree from the Universidad Pompeu Fabra in VideoGame Creation, studies in Marketing and Digital Communication Management at Cerem Escuela Internacional de Negocios, and another Master's degree from the Escuela de Organización Industrial in Quality Management and Business Process Re-Engineering.

Teresa was instrumental in starting the SLU-Madrid Alumni Association and has taken in active role in all they do from the start - planning events, marketing them, and actively participating at them. She has also served as the President and Co-President of the SLU-Madrid Alumni Committee since 2004.

Teresa started her professional career at Indra in Configuration Management at the Simulation Department, and went on to a management role at Bombardier in the railway industry. She now serves as a Passenger Information System Engineer at Talgo, helping railway operators provide service in 44 countries across 4 continents.
