Good bye and Good Luck, Matt!

I wish to let all of you know that my last day as Program Coordinator for Dr. Sharkey will be August 26, 2016. I will be joining the Design and Construction Department at Saint Louis University as the Project and Contracts Coordinator. I have enjoyed my time at the School of Medicine and appreciate the support and help you have provided to me during my two year tenure. I will miss the great Staff and Faculty at the School of Medicine and at the same time I am looking forward to continuing to support the mission of the University in a different role.

Best wishes to all of you.

Matt Olwig

Promotion Guidelines

The revisions to the School of Medicine Guidelines for Appointment and Promotion are still under review

in the Provost's office. The current SOM Guidelines therefore govern the promotions process for this academic year ('16-'17). The current Guidelines are available [here](#). Please feel free to contact Dr. Sharkey with any questions.

Resilience and Mindfulness

Physician dissatisfaction and frustration with the work environment is at an all-time high. Our School of Medicine has focused on mindfulness as a mechanism to address physician compassion fatigue and burnout. In this and future newsletters, we will share tools for building resilience and mindfulness as we acknowledge the barrier that compassion fatigue and burnout presents to optimum patient care. In this newsletter, a [link](#) to an American Academy of Family Physicians website article *Dealing with Compassion Fatigue*.

Workload Policy

The Faculty Senate, under the advisement of the Provost, has tasked each academic unit with developing a workload policy. A committee of faculty representatives has been working to meet this expectation. The goal of the committee is to develop a guideline that accurately reflects the work of the faculty of the SOM in achieving the missions of education, research, clinical care and service.

Welcome New Clinical Faculty to SLUCare! We're excited you've joined us, and as your SLUCare marketing team, we're eager to let the world know you're here.

Please help us by completing our online [Provider Profile Form](#) so we can create a biography for you in our [Find a Physician](#) tool on slucare.edu.

To complete your online profile, we will need a professional portrait of you. You

will be contacted by Tony Stubblefield the next time a photography session is scheduled.

Please feel free to contact me with any questions about SLUCare marketing.

Best regards,

Sarah Gladson

Director of SLUCare Marketing
