

## Program Messages

**Dr. Sam Lam**

We have passed a great milestone of 10 years of educating the next generation of hair surgeons and are now going to celebrate our 11th year! Last year we had the biggest turnout ever of any course in the 27-year history of St. Louis University and was entirely sold out weeks before the course! For those who don't know about our program, we offer the most intense and comprehensive hands-on hair-transplant course that exists with extensive lectures and hands-on experience. I truly believe that impassioned lectures facilitate learning but are insufficient to fully grasp how to do hair restoration: the faculty must be able to see your hands

move to give you rapid feedback and correction on your technique. We offer you a significant amount of time, both structured and unstructured, in the world-class Zeiss laboratory to allow you to practice as long as you need until you feel confident. The unique live HD 3D and HD 2D lectures provide unparalleled experience. I have been leading this course now for a decade and I can say that I am still impressed with how unique the technology is at SLU's disposal for educating students. This past year we succeeded with our live Skype lectures from Korea and India, and this year we are targeting our live Skype lectureship to Brazil and Guatemala to bring you the best and brightest individuals on the international stage. We have one of the lowest faculty-to-student ratios in the industry and truly care about giving you a very customized and personalized coaching experience for you in and out of the lab. We hope that you can join us, and please bring your assistants (whether they are new to the field or established). Emina runs the most intense hands-on and critical thinking course, and your assistants will have an immersive experience that will give them the right footing to succeed with you. Your assistants will progress very fast in 3 days what would otherwise take them 6 months of in-house training to obtain. We look forward to seeing you for the first time and welcoming back our many return students who have seen the value in our course to return once again!

**Dr. Emina Vance**

I'm excited to welcome you to the most comprehensive training on graft preparation and placement designed both for surgical assistants and physicians. This is our 11th year and we have perfected our training models as well as our curriculum. The 2018 course was a great success! Every student left satisfied and inspired. In only a few days, we witnessed the transformation in students that would usually take 6 months if trained in a practicing office. Physicians who brought their assistants were overjoyed with their assistants' progress, and physicians who did not bring their assistants regretted not doing so.

The course is designed with a heavy focus on skill development and critical thinking. Its format allows for novice or experienced assistants and/or physicians to work side by side each other. Three days packed with information and over 15 hours of hands-on experience led by our world-class faculty make this course invaluable. The high-tech Zeiss lab equipped with stereo microscopes and fresh cadaver tissue allow students to spend hours practicing while receiving immediate feedback and guidance from highly experienced faculty. The didactic portion covers hair basics, different techniques of graft preparation and placement, post-operative care and most importantly critical thinking and quality control.

Hair restoration is a unique field in which correct graft preparation and placement are instrumental for the success of any practice. Having well-trained staff and knowing how to train staff to achieve consistent quality control are paramount goals for those who want to excel in the field of hair restoration. Whether you are a physician bringing your staff or are personally wanting to learn all aspects of hair restoration yourself, this is the course to attend!

## Tuition Fees

Physicians: .....	\$1995
<b>(\$200 Off for Returning Students!)</b>	
Fellow/Resident/US Military: .....	\$1295
First Surgical Assistant: .....	\$1295
Second Surgical Assistant:.....	\$995
Three or more Surgical Assistants:.....	\$895

## Suggested Viewing ISHRS Basics in Hair Restoration Surgery Lecture Series

### Enduring Material, Online Format.

For those new to hair restoration surgery, it is highly encouraged that you view this online lecture series prior to the Workshop. It is an excellent primer and will enable you to get the most out of Workshop. It was developed by the CME Committee of the International Society of Hair Restoration Surgery and includes 16 pre-recorded, comprehensive lectures covering medical and surgical hair restoration. In addition, you may earn 11.5 AMA PRA Category 1 Credits™ from successful completion of this enduring material via the ISHRS.

The fee is \$450 for non-members of the ISHRS and \$350 for member-applicants.

For the list of lectures, viewing requirements, and to order, go to: <http://www.ishrs.org/content/basics-lecture-series>

## 11th Annual Hair Transplant 360 Workshop

[www.ishrs.org](http://www.ishrs.org)  
27th World Congress  
November 13-17, 2019  
Bangkok, Thailand  
[www.27thannual.org](http://www.27thannual.org)

### St. Louis Attractions

St. Louis offers lively attractions throughout the city for visitors of any age. Forest Park is less than 4 miles from Practical Anatomy and Surgical Education and offers the Art Museum, Science Center, Zoo, Jewel Box greenhouse, History Museum, 7.5-mile biking, jogging and skating path and lakes all for FREE. The downtown riverfront is a short cab ride from the hotels and offers attractions including the Old Cathedral, Gateway Arch and the Jefferson National Expansion Memorial and Museum.

### Register On-Line at: <http://pa.slu.edu>

**CONTINUING EDUCATION:** Saint Louis University School of Medicine designates this live activity for a maximum of: 22.25 AMA PRA Category 1 Credit(s)™ for Physicians. Physicians should only claim credit commensurate with the extent of their participation in the activity.

**ACCREDITATION:** Saint Louis University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. The education the participant gains through our CME activities does not satisfy training requirements to perform the surgery.

A certificate of attendance will be issued for Surgical Assistants. The certificate will reflect the activity was approved for 23.75 AMA PRA Category 1 Credit(s)™. It is the responsibility of the participant to understand their boards CE approval process.

### Friday Night Welcome Reception

*Students are welcome to celebrate with us Friday night for a fun and unforgettable evening at no extra expense.*

#### Course Director:

*Samuel M. Lam, MD, FACS, FISHRS*

#### Honored Guests:

*Sharon A. Keene, MD, FISHRS  
David S. Josephitis, DO, FISHRS*

#### International Skype Lecturers:

*Marie Andrée Schambach, MD  
Mauro Speranzini, MD*

#### Faculty:

*Marco N. Barusco, MD, FISHRS  
Steven P. Gabel, MD, FACS, FISHRS  
Meena Singh, MD, FAAD  
James A. Harris, MD, FACS, FISHRS  
Nicole E. Rogers, MD, FAAD, FISHRS  
Robert H. True, MD, MPH, FISHRS  
Vance W. Elliott, MD, CCFP, FISHRS  
Kenneth L. Williams, Jr., DO, FISHRS*

#### Video Faculty:

*Michael Ramsey  
Ronald L. Shapiro, MD, FISHRS*

#### Assistant Course Director:

*Emina K. Vance, MD*

#### Surgical Assistants Faculty:

*Diana Carmona  
Madalene Colon  
Putrina Figueira-Collura  
Rita Kardon, RN  
Tina Lardner  
Tereza O'Neil  
Christine Reyes  
Aileen Ullrich, MA*

**Hair Transplant 360** Workshop

Comprehensive Hair Transplant Courses:  
FUT & FUE Hands-on Course for Physicians  
FUT & FUE Hands-on Course for Assistants

August 2-4, 2019 | <http://pa.slu.edu>

11th Annual

August 2-4, 2019

St. Louis, Missouri, USA

# Hair Transplant 360 WORKSHOP

Comprehensive Hair Transplant Course: FUT & FUE Hands-on Course

## Two Parallel Courses for Physicians & Staff

*Sign Up Your Staff for The Intensive Hands-On Assistant Course!*

- Newly Designed Course Format
- 3 Information Packed Days
- Latest High-Definition Live 3D Lectures and Surgery Dissection
- Extensive, Hands-on Cadaver Workshop with Low Student-to-Faculty Ratio
- Unique Training Models

- Hairline Design
- Donor Harvest/Closure
- Recipient Site Creation
- Graft Dissection
- Graft Placement
- PRP, Laser, Etc.
- Crown Design
- Female Hairline Design
- Temporal Point Design
- Graft Calculation
- Marketing
- Consulting
- Medical Treatment
- Critical Thinking
- Quality Control
- FUE & FUT

**LECTURES**

6:45 am	SIGN-IN and BREAKFAST
7:00 am	Laboratory Guidelines & Safety/ISHRS Introduction ..... S. Lam
7:15 am	<b>HAIR BASICS</b> Scalp Anatomy Relevant for Every Hair Surgeon ..... S. Gabel
7:35 am	<b>HAIR BASICS</b> Principles of Hair Transplantation ..... S. Gabel
7:55 am	<b>HAIRLINE DESIGN</b> Simplified Macro Male Hairline Design: A Focus on Shape and Position ..... V. Elliott
8:10 am	<b>HAIRLINE DESIGN</b> Live Demo of Male Hairline Design ..... V. Elliott
8:25 am	<b>ANESTHESIA</b> FUT Scalp Anesthesia ..... V. Elliott
8:45 am	<b>ANESTHESIA</b> FUE Scalp Anesthesia ..... S. Lam
9:00 am	BREAK & EXHIBITS
9:30 am	<b>DONOR REGION</b> FUE vs. FUT Selection & Critical Thinking ..... B. True
9:45 am	<b>DONOR REGION</b> FUT Graft Calculation & Planning ..... S. Gabel
10:00 am	<b>DONOR REGION</b> FUT Donor Preparation, Tumescence, Harvesting & Closure ..... V. Elliott
10:30 am	<b>DONOR REGION</b> FUE Donor Harvesting: Principles & Techniques ..... J. Harris
10:45 am	<b>RECIPIENT REGION</b> How Hair Grows (Live Demo) ..... S. Lam
11:00 am	<b>RECIPIENT REGION</b> Recipient-Site Creation Instrumentation & Design ..... S. Lam
11:20 am	<b>RECIPIENT REGION</b> Recipient-Site Planning & Distribution ..... V. Elliott
11:45 am	<b>GRAFT PREPARATION</b> FUT Slivering & Dissection (Video) ..... A. Ullrich
11:50 am	<b>GRAFT PREPARATION</b> Graft Placement & FUE Graft Inspection (Video) ..... T. Lardner
12:00 pm	<b>GRAFT PREPARATION</b> FUT Graft Dissection & Slivering (Live 3D Dissection Demo) ..... E. Vance
12:15 pm	<b>GRAFT PREPARATION</b> FUT Graft Placement (Live Demo) ..... E. Vance
12:25 pm	<b>PRACTICE</b> Information about the International Society of Hair Restoration Surgery (ISHRS) ..... J. Harris
12:30 pm	LUNCH & EXHIBITS

**HANDS-ON CADAVER LAB** Physician Faculty

1:00 pm	Hairline Design
2:00 pm	Recipient-Site Creation
3:00 pm	BREAK & EXHIBITS
3:30 pm	<b>GROUP 1:</b> FUT Donor Harvesting <b>GROUP 2:</b> FUE Donor Harvesting
4:30 pm	<b>GROUP 1:</b> FUE Donor Harvesting <b>GROUP 2:</b> FUT Donor Harvesting

**LECTURES**

5:30 pm	<b>PRACTICE</b> Patient Consultation (Live Demo) ..... V. Elliott
6:00 pm	<b>MEDICAL MANAGEMENT</b> Finasteride for Men: Everything You Need to Know ..... M. Singh
6:15 pm	<b>MEDICAL MANAGEMENT</b> Spironolactone, Finasteride, and Minoxidil for Women ..... M. Singh
6:30-7:30 pm	Welcome Reception With Exhibitors - Serving St. Louis Favorites

**Saturday, August 3, 2019**

6:45 am	SIGN-IN & BREAKFAST
<b>INTERNATIONAL SKYPE LECTURE</b>	
7:00 am	<b>FUE SPECIAL TOPICS</b> Long-Hair FUE (Live from Guatemala) ..... M. A. Schambach
<b>LECTURES</b>	
7:30 am	<b>DONOR MANAGEMENT</b> Age and Norwood Specific Transplant Planning: Principles of Safety & Long-Range Decision Making ..... J. Harris
7:45 am	<b>DONOR MANAGEMENT</b> Strip FUT Donor vs Recipient Density: Planning for Future Sessions ..... J. Harris
8:00 am	<b>DONOR MANAGEMENT</b> FUE and Strip FUT Donor Considerations (Video) ..... R. Shapiro
8:20 am	<b>DONOR MANAGEMENT</b> FUE Donor Management: Planning for Future Sessions ..... B. True
8:35 am	<b>SPECIAL SURGICAL TOPICS</b> Temporal Hairline & Lateral Hump Reconstruction: Planning, Design, & Pitfalls ..... J. Harris
8:50 am	<b>SPECIAL SURGICAL TOPICS</b> Female Hair Loss & Hair Restoration ..... S. Lam
9:05 am	<b>SPECIAL SURGICAL TOPICS</b> Crown Hair Transplant ..... S. Lam
9:20 am	<b>SPECIAL SURGICAL TOPICS</b> Eyebrow Hair Transplant ..... S. Lam
9:35 am	<b>SPECIAL SURGICAL TOPICS</b> FUE in African Patients: Pearls and Pitfalls ..... B. True
9:45 am	<b>SPECIAL SURGICAL TOPICS</b> Tissue Expansion, Scalp Reduction, Scalp Lifts: What Every Hair Surgeon Should Know ..... B. True
10:00 am	BREAK & EXHIBITS
<b>LECTURES</b>	
10:30 am	<b>DERMATOLOGY</b> Scalp Pathologies: Scarring & Non-Scarring Alopecias: What Every Surgeon Must Know ..... M. Singh
10:45 am	<b>DERMATOLOGY</b> Dermoscopy Fundamentals & How I Use It ..... N. Rogers
11:00 am	<b>PRACTICE</b> FUE Operative Set Up and Time Flow (Video) ..... D. Josephitis
11:15 am	<b>PRACTICE</b> FUT Operative Set Up and Time Flow (Video) ..... S. Keene
11:30 am	<b>PRACTICE</b> Postoperative Care ..... B. True
11:45 am	<b>ANCILLARY MEASURES</b> Storage Solutions & Graft Survival Studies ..... M. Barusco
12:00 pm	<b>GRAFT MANAGEMENT</b> Critical Thinking During Graft Preparation and Placement ..... E. Vance
12:15 pm	<b>PRACTICE</b> Camouflaging Products & Procedures: What You Need to Know ..... E. Vance
12:20 pm	<b>PRACTICE</b> General Office Setup: How to Select Instruments & Staff ..... E. Vance
12:30 pm	LUNCH & EXHIBITS

**HANDS-ON CADAVER LAB** Physician & Assistant Faculty

1:00 pm	<b>GROUP A:</b> Customized Learning Stations: Hairline, Recipient Site, Strip FUT Donor Harvest, FUE Donor Harvest, Temporal Point & Eyebrow Design, Crown Design, Female Hairline Design <b>GROUP B:</b> Graft Placement: Manual & With Implanters. <b>GROUP C:</b> Graft Preparation
1:40 pm	<b>GROUP A:</b> Graft Preparation <b>GROUP B:</b> Customized Learning Stations: Hairline, Recipient Site, Strip FUT Donor Harvest, FUE Donor Harvest, Temporal Point & Eyebrow Design, Crown Design, Female Hairline Design <b>GROUP C:</b> Graft Placement: Manual & With Implanters
2:20 pm	<b>GROUP A:</b> Graft Placement: Manual & With Implanters <b>GROUP B:</b> Graft Preparation <b>GROUP C:</b> Customized Learning Stations: Hairline, Recipient Site, Strip FUT Donor Harvest, FUE Donor Harvest, Temporal Point & Eyebrow Design, Crown Design, Female Hairline Design
3:00 pm	BREAK & EXHIBITS
3:30 pm	<b>Groups A, B, C</b> Customized Learning Stations: Hairline, Recipient Site, Strip FUT Donor Harvest, FUE Donor Harvest, Temporal Point Design, Crown Design, Female Hairline Design, Eyebrow Design, Ask an Expert

**LECTURES**

5:00 pm	<b>GRAFT MANAGEMENT</b> Critical Thinking "What Went Wrong?" ..... E. Vance
5:15 pm	<b>ANCILLARY MEASURES</b> Low-Level Laser Therapy ..... M. Barusco
5:30 pm	<b>ANCILLARY MEASURES</b> Frontiers of Regenerative Medicine (PRP, ACell, ATP, Stem Cells) ..... S. Lam
5:45 pm	<b>PRACTICE</b> How I Do It Physician Faculty Panel ..... S. Lam & Physician Faculty
6:05 pm	<b>PRACTICE</b> Managing Complications Physician Faculty Panel ..... S. Lam & Physician Faculty
6:30 pm	ADJOURN

**Sunday, August 4, 2019**

6:45 am	SIGN-IN & BREAKFAST
<b>INTERNATIONAL SKYPE LECTURE</b>	
7:00 am	<b>FUE SPECIAL TOPICS</b> Graft Implantation: Forceps or Implanters, When and Why (Live from Brazil) ..... M. Speranzini
<b>LECTURES</b>	
7:30 am	<b>PRACTICE</b> Photography Basics & Set Up ..... S. Lam
7:40 am	<b>PRACTICE</b> Practice Management & Leadership ..... S. Lam
7:55 am	<b>PRACTICE</b> Marketing 101 for a Hair Restoration Business (Video) ..... M. Ramsey
