OT JUSTICE SERIES

SLU OT Transition & Integration Services (OTTIS) Training:

- Intensive online training course that covers program development, service delivery (assessment, intervention, and documentation) and evaluation.
- Based on our work with jails and prisons using occupational justice and public health principles, trainees will also gain valuable knowledge about the criminal justice system and terminology; and integrating workplace health promotion into their services.
- Digital badge and certification to be an approved provider of the SLU OTTIS method to provide OT in jails and prisons and/or start your own program for justice-based services.
